

## Made in America Material Certification

KMC Controls certifies that to the best of its knowledge and belief, all Conquest IP controllers, STE sensors and MEP actuators manufactured by KMC Controls comply with the Build America, Buy America Act (BABBA) requirements of the Infrastructure Investment and Jobs Act of 2021 (*Pub. L. 117-58, §§ 70901-70953*).

The above referenced items contain 95%-98% of material manufactured in the US. Due to lack of domestic options capable of meeting our engineering and cost requirements, 2%-5% of electronic components are manufactured in countries outside of the US.
